Hello everyone

Some notable dates in June include the 70th anniversary of the D-Day landings on 6th June 1944. This was when the Allied Forces of Britain, America, Canada, and France attacked German forces on the coast of Normandy, France. With a huge force of over 150,000 soldiers, the Allies attacked and gained a victory that became the turning point for World War II in Europe. This famous battle is also called the Invasion of Normandy and by the end of D-Day over 150,000 troops had landed in Normandy. They pushed their way inland allowing more troops to land over the next several days. By June 17th over half a million Allied troops had arrived and they began to push the Germans out of France.

London celebrates The Queen's official birthday on 14th June each year with Trooping the Colour, a fantastic military parade that has taken place since 1820. Trooping the Colour is an annual event that takes place on Horse Guards Parade in London's St James's Park. The ceremony is full of military pomp and pageantry as The Queen carries out an inspection of the troops from the Household Division. She then leads the troops down the Mall to Buckingham Palace. The Queen salutes and guns are fired in Green Park and at the Tower of London. Finally she joins other members of the Royal Family on the balcony to watch the RAF flypast.

In the Gregorian calendar the June solstice dates vary. For example, it occurs on June 21 in 2014 and 2015 but on June 20 in 2016. A June 22 solstice will not occur until June 22, 2203. The last time there was a June 22 solstice was in 1971. A solstice occurs when the sun's zenith is at its furthest point from the equator. During the June solstice it reaches its northernmost point and the Earth's North Pole tilts directly towards the sun, at about 23.5 degrees. It is also known as the northern solstice because it occurs when the sun is directly over the Tropic of Cancer in the northern hemisphere. If the Earth's rotation was at right angles to the plane of its orbit around the sun, there would be no solstice days and no seasons.

Enjoy the June sunshine!

Jeanette

## 'The Unofficial Walking Group'

We started out as a 'Health Walks' group meeting at Dover Library every Thursday, but then, when our leader was unable to continue we decided to carry on without a leader and because of dreaded 'Elf 'n Safety' we had to be unofficial,

hence the current name of the group!

We still meet on Thursdays, although not always at the Library now, and up to twenty of us walk for between one and two hours around the local area.

It's a great group - we have a good walk and loads of laughs!

## Friday Club

A very quiet time at the Club at the moment. We have a couple of members who have been poorly and we would like to wish them well and a speedy recovery.

Easter came and went very quickly, now as I sit here the May bank holiday has been and gone and when this comes through your door the Whitsun Holiday will also be over and what have we left - August Bank holiday and then Christmas. This year has gone by us so so quickly. Oh well, it will soon be 2015!

We have a trip to Hastings on 11th July so are hoping that the weather will be kind to us.

Once a month we enjoy a special lunch and this May we have the birthday of Margaret Ashcroft who will be celebrating her 70th. Happy Birthday Margaret, we shall enjoy a ploughman's lunch in your honour.

Hoping the good weather we are experiencing at the moment continues for the summer. Relax and enjoy.

Happy Holidays!

**Yvonne**

## Temple Ewell Players

We have all been working hard since the beginning of February towards this month's production of 'Half a Sixpence'. Cindy has put us through our paces with moves and words, Keith has stretched our vocal chords and Rachel has coped admirably with those of us with two left feet! Jean and Maureen have been busy sewing whilst Reg, Debbie and their teams have spent many happy hours in the store constructing and painting the scenery.

So everything is coming together for what will be a great show and a brilliant night out, or afternoon out, as we felt all the hard work justified a matinee performance as well. Do please come along to see this feel good show, with lots of laughs and songs you'll know. Tickets are £7.50 and are on sale in the Fox pub, performances are in the village hall from 25th to 27th June at 7.30pm, then 2.30pm and 7.30pm on the 28th June. We'd like to close with a big thank you to Cherry Tree Garage who have sponsored this production.

We offer a small rural school with a good team of professionals and well behaved children. Children are good at caring for each other, learning is fun and each child is developed as an individual. We aim to equip children with essential skills that they can apply throughout their life.

OFSTED 2011 confirmed our ability to differentiate learning well for both age and ability. 'Pupils continue to make good progress through the school so that their attainment by the time they move to secondary school is generally above average'.

'There is a very positive engagement with parents and carers, with many commenting specifically on how well their child settled and is progressing'.

We have 'Share a class' sessions six times a year, where parents are invited in to learn alongside their children.

Even with top actors playing the leading roles, fans of the marvellous TV series 'Dad's Army' will be wondering if it is going to be possible to successfully recreate, as proposed, a new series (or was it maybe a film?). Could anyone but the late Clive Dunn as Corporal Jones, while panicking himself, bid the intrepid men of Walmington-on-Sea Home Guard 'Don't panic!' as he did? We shall have to wait and see.

'Don't panic' is something the Temple Ewell Parochial Church Council (PCC) is wanting to say to residents of both Temple Ewell and Lydden (also Guston), whose properties might well be affected by something called Chancel Repair Liability (CRL), but relating only to the repairs of the chancel of Temple Ewell Church. CRL is an historic liability affecting a number of property owners (and owners of agricultural land and institutions) in England and Wales to fund repairs to the chancel of local Anglican Parish Churches. Unfortunately, there have, and continue to be, some high profile cases where implementation of the liability has caused or may potentially cause considerable financial hardship.

Last year the cost of running and maintaining SS. Peter & Paul Temple Ewell including ministry costs was in excess of £44,000 with nearly £31,000 of this (and rising!) having to be paid directly to the Diocese as a 'Parish Share'. Like so many other churches, how long we can keep going and what will happen to our beloved church if we cannot, - well, I would rather not go there just now. Crucial is the continued very generous giving of our congregation, donations, constant fund-raising, the wonderful support of maintaining the fabric of the Church which we always receive on Gift Day and the kind of legacies we have been so thankful for in the past. However, whilst it will be seen that we have much to concern us, the Temple Ewell PCC has made a decision concerning CRL which we hope will ease any worries of affected home-owners in both Temple Ewell and Lydden.

When people have faithfully dedicated so much time and effort into maintaining the life and witness of their Parish Church, there can always be the unpleasant individuals who wish to undermine and belittle peoples' faith. I have in mind a resident in a Shropshire Parish where the situation over CRL is reported to be acrimonious and who objected to 'Having to pay.....for the upkeep of a building where an imaginary sky wizard is worshipped'. Fortunately, I have rarely met this kind of nastiness in Temple Ewell and Lydden, and if I did, I confess it would be a little tempting indeed to re-register their property. However, the decision formally taken by Temple Ewell PCC as trustees, and taking into account all relevant factors in accordance with Charity Commission guidance, was that CRL should not be registered with the Land Registry (as was required by 13.10.2013). Therefore, CRL WILL NOT be enforced and will also lapse automatically on any properties subsequently sold after the same date.

I do hope this assurance will be helpful to anyone with concerns about Chancel Repair Liability and their property.

# Temple Ewell Baptist Church

(Part of the Baptist Family in Dover)

## WE DO NOT LIVE IN A VACUUM

Poor old David Cameron! He has ventured to suggest that our society is based upon Christian values for which he has been deluged with opprobrium. The mantra appears to be that he can believe what he likes as long as he does not say it and it does not affect his conduct as a politician. Religion is contentious and unhelpful! A pluralistic society should have a base where God is off the agenda!

Religious education is seen as indoctrination. There is an enormous gap, between being brain washed and having a knowledge of the parables, Sermon on the Mount and Beatitudes. The offers of Jesus Christ are all about choice. Do you want to have.....? The basis is that he only comes in if we want him to.

It is impossible for this to be forced. The Christian Church has indeed been guilty of using force in its aims in the past but this is in stark contradiction to the teaching of its creator. Without expression or education however there is no free choice. Our decisions are based upon what we know and what we believe. They are not made in a vacuum.

Our activities continue as usual:

Sunday Family Service: 10.30am

Monday Keep Fit: 7.30pm

Wednesday Bible Study and Prayer: 7.30pm

Friday Kids Club: 3.30-5.00pm

MESSY CHURCH on Sunday 8th June. 4.00 - 6.00pm. This is for children and adults and comprises about 1 hour of craft activities, 10 minute bible based talk, a full cooked meal. Please come.

## KCC and DDC Councillor

Just when I thought we were entering warmer months and summer, suddenly we are reminded by the wet windy days recently that we are not quite there yet for summer.

As we approach those summer months we spend more time outdoors working in the garden, doing DIY, cycling and that can be when the inevitable accident happens. Now you may need medical help fast, but is it an emergency? How do you assess this? A deep cut to your finger, yes it looks bad and it may be bleeding profusely, but you have to ask yourself, what are the chances of this killing me? Very slim, then you should use the NHS 111 service, if you need medical help fast as in the above incident, but it's not a life-threatening incident then please do not use 999, for this will save diverting valuable resources from those life-threatening incidents, such as cardiac arrest and serious road traffic injuries. However if you think you should go to A&E, then phone 111 so that a quick assessment can be made to corroborate your thoughts, or to be given advice or guidance regarding your concern. This applies if you don't know who to call for medical help and you don't have a GP to call or you need health information.

For less urgent health issues you should contact your GP or local pharmacist. However, if a health professional has given you a specific phone number then you should continue to use that number. Why should you use NHS111? It's fast and simple to get the right help for you at any time where ever you are. Your considerate use of 111 will help free up the 999 and A&E services. Remember the 111 service is 24/7 365/366 days a year. It's free irrespective whether it is from a mobile or land line.

The Royal Mail raised the postage prices on the 31st March. A first class stamp increases 2p to 62p; a second class increases 3p to 53p. Large letters under 100g rising from 90 to 93p and over 100g from 69 to 73p.

Subject to a consultation the Government plans to replace our current £1 coin due to the vast number of Bermondsey and other forgeries still in circulation. The new coin will probably resemble the £2 coin but on a smaller diameter. The percentage of forged £1 coins believed to be still in circulation could be as high as 6%.

For those of you who own and use a classic vehicle, they used to be road tax exempt up to December 1973. This has now been moved to December 1974 on a rolling basis so next year, cars up to 1975 will be tax exempt.

The adult national minimum wage will increase by 3% to £6.50 from October 2014 and by 2% for youth and apprentices. The income tax personal allowance which reached £10,000 this April is set to rise to £10500 by April 2015.

From 1 April 2014 a council tax break applied to households that include a granny annexe or flat, if it is used by the occupiers of the main property or by their immediate family members including parents and teenagers. The council tax levied on an annexe will receive a 50% discount.

***Kent County and Dover District Councillor Geoffrey Lymer***

## Sycamores Puffin Project

This term the Sycamores class from Temple Ewell School are following a colony of puffin that breed on the islet of Burhou, in the English Channel. The Alderney Wildlife Trust have set up webcams that watch the extraordinary birds during the spring and summer months. Please read and enjoy our poems that have been inspired by the puffin's habitats.

Glistening in the sun,  
Rocks big and strong,  
Puffins shine in the sun,  
Puffins live in rabbits burrows to protect  
their eggs,  
Puffins eat all day,  
They are never hungry.

**By Brandon**

Glistening in the sun,  
Puffins have their fun,  
Playing about in their lairs,  
Hoping someone cares,  
The warmness,  
The coldness,  
The burrows wait,  
Whilst the puffins mate,  
With feathers for beds,  
To rest their heads,  
Sometimes puffins go boo hoo,  
But they'll always live in Burhou.

**By Francesca**

The wavy sea,  
The sun shining on me,  
I looked down and see,  
All the puffins starring at me.

There are lots of flowers,  
There are daffodils not towers,  
It doesn't matter about the  
hours.

There is lots of stones,  
And lots of burrows,  
It's the perfect place to go.

# Temple Ewell Bike Club

For the fourth year running, the Club took on the Pilgrims Hospice Cycle Challenge! Rising early on May Bank Holiday Sunday to a beautiful sunny but cooler day they set off for Canterbury Hospice to begin the 48 mile return ride from there to Margate Hospice. Bob Potts kindly takes the bikes in his van with Steve Smith and David Gavin, with Chris Barnet and me following by car. It was particularly busy this year at the registration as 1200 riders had signed up (1470 on the day)! An excellent result for The Challenge organiser, (and Temple Ewell resident) Deborah Kellond.

Having collected our personal riding numbers we were asked if we could possibly be accompanied by a young Physiotherapy student, Lissie. Not only doubling our female membership Lissie also significantly reduced our average age (ok,,, 56 instead of 63!!!). Additionally, and by default, we had throughout the ride our own team Physio!!!!

The ride was wonderful. An excellent new route, very well marked, out through to Adisham, Ayelsham and onto Woodensborough and Sandwich. From there up through Minster to Manston and after 28 miles arrived for some much needed refreshment at the Margate Hospice. Excellent food and drinks, all sponsored, and a warm and friendly welcome.

After lazing on the grass in the sunshine off we went again to complete the next 20 miles! Out towards Acol, Preston, Stodmarsh before descending down into Canterbury past the Golf Club and along to Canterbury West Station and a warm welcome and medal(!). We averaged just over 12 miles an hour which was good for us but there was little to no wind resistance.

An excellent and beautiful ride through our lovely East Kent spring countryside. How blest we are to be fit and able to take part. Having raised approximately £250 between us we look forward to the 50 Mile Romney Marsh, Channel Rotary Ride on 13th July. (There is a 25 and 10 mile too so do sign up if interested. Go to Channel Rotary website)

Some news on our past members! We met three previous riders with Temple Ewell Bike Club at Margate. They have gone on to better and faster things and particularly Dave Buddle who, on 22nd May, is doing the Three Peaks Ride (Ben Nevis, Snowdon and Scafell Pike) which is over 400 miles and is approximately 100 miles per day! We do like to develop our cyclists!!

## Seasons Art Class

On May Bank Holiday Monday we had the pleasure of being invited by our Editor to an Art Show at the lovely Hawkinge Community Centre. The display was the result of the resident Art class's hard work and covered several modes of drawing and painting.

Particularly impressive was our Ed's pencil drawing of a rampant horse, however, her version of Picasso's 'Rooster' was vibrant and detailed. A study of a Blue Tit on Magnolia was notable and illustrated Ed's particular interest in the animal world. This was further demonstrated by two exceptional pieces depicting their family Shih tzu cross and German Pointer.

Whilst on holiday recently Ed couldn't resist taking her paints, pencils and paper. Instead of taking photographs she returned with some memorable water colours of both the views and the wildlife in the New Forest.

Our Ed had excelled as a beginner and I look forward to reviewing her next exhibition in a few months! Well done Jeanette!

## **A Party Stopper**

### **(Taken from the Diary of an old Reflexologist)**

Now ... when I say old, I mean it is what I used to do, not the age thing .....

Imagine – you are at a party, just innocently standing there being as sociable as you possibly can be, chit-chatting about any subject or just putting the world to rights. Then you say what you do, then someone says “Why don’t you get a proper job?”

At that very moment, the room goes deathly quiet – an embarrassed hush one might say. What do you do? Do you either walk away abruptly or politely extract yourself?

Luckily, up to now, I’ve never experienced this nightmarish situation. I can, however, imagine a therapist in such a scenario. I can say that not thinking that we do a ‘proper job’ is still very much in people’s minds despite all the therapy fairs, ‘taster sessions’ and advertising that we carry out. Is it a taboo, or are there therapists out there abusing the system and ruining it for genuine, caring therapists be they Counsellors, Reflexologists, Masseurs, Hypno/Psychotherapists?

Do we come under the category of luxury or necessity? Do we overcharge or not give value for money?

How many folk out there have experienced a treatment of any description and not found it beneficial to their health, either physically or mentally? Do they then not consider it a proper job?

Do you know, though, I’m not sure ‘job’ is the right word. What are the dictionary definitions of job and vocation?

Either way, we must agree that everyone needs to feel valued or appreciated be they the butcher, the baker, the candlestick maker, housewife, housekeeper, estate agent .... now there’s another job being the butt of many a joke ...!

**Anne Cox**

I guess things have been pretty stressful at work lately -  
tomorrow is 'Bring your Therapist to Work Day'

## Book Review

### **Legacy of Alahdorn ( D E Kaine )**

D B Kaine is a local lass. Her book is a 'rites of passage space western'. Young Brogan, a timid young girl eventually turns into a confident warrior teenager.

Instead of a horse or space ship, dragons are the mode of travel with a good gold dragon, Darwin, taking Brogan to fight against the evil dragon Kraven who is carrying the Jewel. The brave pair enroll an army of various skilled creatures.

As a Librarian I forced myself to read Harry Potter and The Lord of the Rings, but prefer the universal William Brown. I have lectured on science fiction and if you are into fantasy then you will find Legacy of Alahdorn an enjoyable exciting read. The many print errors are easily corrected and understanding the meaning of the cover picture is a challenge. This illustration should be an incentive alone to pick up this book. (D B Kaine if on Facebook).
